DRILLX® Products

Hobson Engineering offers a high quality range of self drilling screws specifically designed for Australian environmental conditions. The Stainless Steel (SS) Self Drilling Screws are designed to provide exceptional corrosion resistance in ISO Category C5 environments. The DX4™ coated self drilling screws comply with corrosion resistant requirements of Class 4 contained within AS3566.2-2002. This high quality coating is specifically designed for ISO Category C4 environments. The DX3™ corrosion resistant coating provides excellent corrosion resistance in ISO Category C3 environments.

Hobson Engineering offer a performance warranty against 304SS Bi-FiX Bi-Metal Point, 304SS, 316SS, DX4™ and DX3™ screw products in accordance with the corrosion resistance table below. In the unlikely event that DRILLX® screws are found to be defective within the warranty period, Hobson Engineering will replace any such defective DRILLX® screws at no cost, under the Terms and Conditions of Trade.
